EXCEPTIONAL SERVICE QUALITY SINCE 1971

Barut Hotels offer a corporate philosophy stemming from the tradition of being a family company, and with facilities in perfect harmony with nature, the hotels blend the sea, sun and entertainment with class.

Our story began in 1971 with our resort “Cennet”, a well hidden true paradise, which could only be reached via the sea route. The days, when travelling was an adventure in itself, went by quickly and with Acanthus, the tradition of plain perfection had been created already.

Who could calculate the size of our large family with over 230,000 guests every year and a repeat guest rate of almost half of that!

Barut Hotels develop and represent their friendship with the universe, gained with their compassion for people - environment - nature and history, with the quality of their sustainable services. It continues to write its own flamboyant history with the happiness of its guests. The only way to share this pride is to experience it with us, even if it is just for one season.

WE
CARE ALL

We Care All: A Future-Conscious Hospitality

At Barut Hotels, we take responsibility not only for today but also for tomorrow. Under the umbrella of our “We Care All” policy, our sustainability approach represents a tourism philosophy that respects nature, is sensitive to people, and looks to the future with hope.

We implement sustainable practices in many areas, from energy and water efficiency to waste management, reducing our carbon footprint to protecting natural resources, biodiversity to collaborating with local suppliers. With this holistic approach that extends from recycling systems and green space policies in our hotels to eco-friendly cleaning products and digital transformation projects, we are working to ensure that tourism serves a future in harmony with nature.

We also take responsibility in many areas, from staff training to community contribution projects, sustainable culinary practices to reducing carbon emissions. Together with our stakeholders, we create sustainable values for a more livable world.

In each of our hotels, we strive to make this awareness not just a policy but an integral part of daily life and an inseparable element of our culture. Because we believe that hospitality should embrace not only the present but also the future.

MEETINGS AND EVENTS

Barut Hotels also reflect their structure, formed with a refined perception from entertainment to gastronomy, to art and culture.

In order to generate a systematic collection of all pieces of art presented for the pleasure of your eyes, Barut Hotels make their necessary steps.

In every corner of the resorts you may find a piece of art, which will be a delight for you to view. Zeynep Eren and her sculptures revealing the secrets of fruitful Anatolia, Akın Akbaygil, Canan Dağdelen, Osman Dinç, Ettore Sottsass,

Günnur Özsoy, Ebru Tabak and her lively designed ceramics, İsmet Doğan, Ömer Uluç, Bülent Erkmen, Mine Ertan, Murat Morova and Emre Senan are only some of the leading Turkish artists in painting and graphic arts, whose works can be found throughout our resorts.

Believing that tourism professionals should volunteer for the mission of being ambassadors for culture and art, Barut Hotels is determined to enrich their art collection with pieces from Turkish artists. From gastronomy to folk dancing and from art to literature, the aim is to welcome you to a wide selection of art works and to share a modest abstract of our art and culture with you in our resorts, which are an impeccable representation of the Mediterranean...

Art creates a pleasant ambience that uplifts the spirit and soothes the soul.
