Turkish Cuisine: Keskek

Ingredients

- 2 cups of wheat
- 4 pieces of chicken legs
- 4 cups of water
- 1 tablespoon butter
- Salt, black pepper, chilli, red pepper powder

Instructions: Wash the wheat thoroughly, using plenty of water. Put the washed wheat in a pressure cooker and add water to a level just above the wheat. Bring to a boil with the lid open. When it boils, turn down the cooker, close the lid and wait for 30 minutes. The wheat will expand.

Place the chicken pieces, with their bones, on top of the wheat. Add the salt, black pepper and water and close the lid; bring to boil, lower the heat and cook for 40 minutes.

Once cooked, open the lid and separate the chicken meat from the bones. With the help of a hand blender, blend the wheat and de-boned chicken. The mixture should be homogenous.

Fry the butter with powdered red pepper and pour the mixture over the hot Keskek. Garnish with chilli pepper and serve.
